

Kirila Joins the David Stremme Racing Team

Kirila Race Update 2-28-09

Author: Ginger Kirila

After a meeting with Chip Ganassi in his Pittsburgh office this past January, our team was directed to some contacts in the Charlotte, NC area. This led Gene to introductions of several race industry leaders. Gene has been fortunate to sign with a premier late model program. David Stremme is the owner of this team and David races in the NASCAR Sprint Cup series (Penske team's car #12). Stremme's late model team has the support of Penske and Ganassi race teams. The opportunity provided to Gene by running with Stremme Racing gives him access to 1st class equipment. He will race approximately 10 to 13 high profile races during this 2009 season.
